16th March, 2022.

SUNNY JOSEPH,
Chairman,
Committee on Public Accounts.

REPORT

This Report deals with the Action Taken by the Government on the recommendations contained in the 57th Report of the Committee on Public Accounts (2014-2016).

The 57th Report of the Committee on Public Accounts (2014-16) was presented to the House on 09th July 2014. The Report contained Sixteen recommendations relating to Health & Family Welfare, Finance, General Administration, Vigilance, Higher Education, Power and Information & Public Relations Departments. The report was forwarded to Government on 21.07.2014 seeking the Statements of Action on the recommendations contained in the Report and the final reply was received on 26-03-2019.

The Committee examined the Statements of Action Taken received from the Government at its meeting held on 17.06.2015, 06.01.2016, 30.11.2016, 22.11.2017 and 07.08.2019. The Committee was not satisfied with the Action Taken by Government on the recommendations in para No. 8 and decided to pursue further. This recommendation, reply furnished thereon and further recommendation of the Committee are included in Chapter I of this Report.

The Committee decided not to pursue further action on the remaining recommendations in the light of the replies furnished by the Government. Such recommendations of the Committee and the Action Taken by Government are included in Chapter II of this Report.

Chapter I

Recommendation in respect of which Action Taken by Government is not satisfactory and which required reiteration.

Health & Family Welfare Department

Recommendation

(Para No. 8)

1.1 The Committee analyses that lack of co-ordination between Health and Family Welfare Department and Local Self Government Department resulted in idling of the building constructed for CHC, Perambra for about four years. The Committee expresses its anguish over the irresponsible attitude of the Health and Family Welfare Department and comments that the public money utilized for the benefit of the poor people could not be made useful to them due to certain technical reasons. It suggests that the Health and Family Welfare Department should be cautious in avoiding such delicacies in future and also recommends to take necessary steps to create additional posts for the smooth functioning of PHCs.

Action Taken

1.2 Many Local Self Government institutions have constructed infrastructure for inpatient and other facilities using plan funds allocated under the decentralized planning programmes. Even if posts were not available, the Local Self Government Institutions would construct infrastructure hoping Government to sanction additional posts. In this case also the DMO Kozhikode put up a proposal for enhancement of bed strength and creation of additional posts for medical and para medical staff for providing service in the new building.

1.3 Government is able to sanction additional staff only as per the budget allocation in the finance bill, considering the number of posts required by different LSG institutions. It is not possible to sanction services in all the building constructed by the LSG Institutions. In this case also the building can not be used due to the mismatch between the activities of LSG Institutions and Government. After reviewing the existing position, Government have allotted the building for alternate uses and not for wards, as was originally planned.

Further Recommendations

1.4 The Committee observed that many Local Self Government institution had established several infrastructure in anticipation of creation of additional posts and on non sanctioning of posts these infrastructure were utilised for alternate purposes which was not envisaged earlier. The Committee recommend that hence forth, the infrastructure should be utilised for the specific purposes for which the approval was obtained.

Health & Family Welfare Department

Recommendation

(Para No. 14)

2.9 The Committee urges the Health and Family Welfare Department to furnish the details of the vigilance enquiry over the misappropriation of fund utilisation of Hospital Development Committee in Medical College Chest Hospital, Mulamkunnathukavu, Thrissur.

Since the misappropriation case in MCCNH TSR has been taken up by the Vigilance department, departmental action was not initiated. Later on 14.12.2012 Government order modified that parallel departmental action also be taken. Hence the delay occurred.

Details of liability amount fixed against the accused was not mentioned in the Government letter dated 31.01.2012. Clarification for this was furnished by Government on 04.11.2012. It blames the department in not taking any departmental actions against the officials involved in the misappropriation. The Committee exhorts the Health and Family Welfare Department to fix the liability for the fault and take appropriate actions against the erring officials at least in cases where vigilance enquiry had not been initiated.

Action Taken

2.15 An amount of Rs.16908/- was noted by the Accountant General as liability as per their inspection report in PHC Kollamgode. No disciplinary action has

been taken against any staff in this regard since the short collection of HDC receipt and unauthorised payments were remitted to the bank accounts and the discrepancy in arriving cash balance was happened due to the clerical error in carry forwarding the closing balances and no financial loss occurred to the Government.

Action Taken

2.19 The utilisation of fund in the hospitals are followed by the Government Rules and regulations strictly. Government proposed registers are used for all

cash transactions. Printing of forms, books and other items procurement of materials are done as per the store purchase manual. The guidelines issued by the Government from time to time is being followed by the hospitals regarding the utilization of Hospital Development Society funds. The guidelines regarding HDC is applicable to the hospitals above District level also.

(Para No. 24)

2.20 The Committee opines that vigilance enquiry shelters many fraud officers from any disciplinary action till their retirement. The Committee understands that the delay in taking action adversely affects the timely disposal of cases. So it recommends that each Administrative Department should scrupulously watch the progress of the enquiry issued under them and take immediate action on the recommendation of the Vigilance Enquiry Report as and when it received.

Action Taken

Vigilance Department

Recommendation

(Para No. 25)

2.25 The Committee directs the Vigilance Department to furnish a report regarding the total number of cases registered and cases disposed off in each year for last 5 years. The Committee urges a detailed report regarding the cases for which further action is pending in each administrative department on the reports of the Vigilance and Anti corruption Bureau.

At present, one Director and two Additional Directors General of Police are posted in the Headquarters of VACB. The four posts of Superintendent of Police in IPS cadre in V&ACB are also filled now.

The institutions/departments coming under Higher Education were directed to comply the guidelines and norms and report annual statement to Government.

Power Department
Recommendation
(Para No. 34)

2.38 The Committee expresses its displeasure over the slothful attitude of officials of the Power Department over the inflexibility in disconnecting the connection which are not in use and also for not taking timely action in augmenting the installation where power consumption is more than the allocation. It suggests the Power Department to take rectifying measures to avoid such discrepancies in future.

Action Taken

2.39 KSEBL delivers various services according to provisions in the Electricity Supply Code issued by the Kerala State Electricity Regulatory Commission. As per the Kerala State Electricity Supply Code 2014 which is prevailing now, disconnection and dismantling of service connections which are not in use normally done based on request from the consumers after clearing all dues.

2.40 Enhancement of the contract demand/connected load of the existing consumers is carried out based on the request of the applicant/consumer. It is the responsibility of the consumer to improve its internal distribution system for meeting the additional demand. The expenditure reasonably incurred for the works necessitated for providing the required power, if any, will also be remitted by the consumer. As per regulation 99 (4) of Kerala Electricity Supply Code, 2014, the application for enhancement of load shall not be considered, if the consumer is in arrears of payment of the dues payable to the licensee.

The Committee stresses that sufficient fund should be provided in the budget, if such expenditure is inevitable.

Action Taken

2.44 The Department had noted the recommendations suggested by the Committee and steps have been taken to frame the norms for releasing advertisement by the department. The request will be given to the Finance Department to allocate sufficient funds for publishing advertisement in the following budget.

Recommendation

(Para No. 41)

2.45 The Committee directs the Public Relations Department to stop the release of advertisements to the newspapers which are not empanelled.

Action Taken

For renewing the existing Media list, the department have given direction to the concerned Regional Deputy Directors to inspect the Editions of the newspapers and submit a detailed report after verifying the records of the newspapers, which are already in the media list.

Recommendation**(Para No. 42)**

2.47 The Committee observes the transfer of the newsletter 'Vikasana Samanuayam' directly from the press for district-wise distribution without entering the stock register of PRD as a serious offence, as the quantity of printing could not be monitored. It warns the Information and Public Relations Department not to continue such practice in future.

Action Taken

2.48 The Department has seriously taken up the defects pointed out by PAC. Since then, the printed publications are distributed after making necessary entries in the Stock Register. The receipts, work orders in connection with the printing and distribution are also kept as directed in this regard.
